

Your invitation to see the Keenan[®] Mixer Wagon & PACE[®] in action

Come and see the NEW Keenan Mech-fiber 360 Baleblend Mixer and PACE[®] in action. Also hear from Hugh Kerr Keenan's senior nutritionist talking about producing more from this winters ration programme. More milk from the same feed, 'you've nothing to lose, everything to gain!'

Venue: Barony Ag College, Parkgate, Dumfries, Dum & Gall DG1 3NE
(By kind permission of Craig Drummond Fm Manager at Barony Ag College)
On: Tuesday 6th December
Time: 11:00a.m. Finishing approx 1:30p.m.

Tuesday 6th December

DISCUSSIONS & DEMO's on the DAY: Delivering more from forages

1

Dairy rations to balance this winters forage analyse mixed in the Mech-fiber[®] 360, feeding both grass and maize silage plus straw to produce a 'fluffy' an open production ration - small mixes down to 500 Kg.

2

Dry Cow rations mixed in a NEW Mech-fiber[®] 320 for a high-fibre low energy ration using straw chopped down to the correct length to maintain the all important rumen fill for improve cow health pre and post calving.

3

Introducing Keenan PACE[®] technology designed to manage both the physical and chemical elements of the production ration, plus financial feedback: all worth an extra 20p/cow/day.

See Keenan's Mech-fiber[®] feeding technology in action; hear the impact 'physical nutrition' is having upon milk production since trading out their 'Tub' for a Keenan: plus 61p/cow/day despite a 12% increase in feed Costs!

Light refreshments available on the day; for more information please call me on 07919 591273 I look forward to seeing you on the day. Direction map and location details on the reverse.

Yours sincerely,

James Brough
