

Friday 25th November

Your invitation to see a Keenan® Mixer Wagon & PACE® in action

Come and see the award winning Keenan Mech-fiber mixer wagon and PACE in action. Also hear from Varley Feeds Operations Manager David Helliwell talking about this winter ration programme. More milk from the same feed - you've nothing to lose, everything to gain!

Venue: Broughton Fields Fm, Broughton, Nr Skipton, N'th York's BD23 3JB
 (By kind permission of Michael & Margaret Chapman and family)
On: Friday 25th November
Time: 11:00a.m. Finishing approx 1:30p.m.

DISCUSSIONS & DEMO's on the DAY: Delivering more from forages

1

Dairy rations to balance this winters forage analyse mixed in the Mech-fiber® 320, feeding grass silage, energy and protein blend, plus straw to produce a 'fluffy' an open production ration - small mixes down to 500 Kg.

2

Dry Cow rations mixing a high-fibre low energy ration using straw chopped to the correct length creating 'physical nutrition' to maintain the all important rumen fill for improved cow health pre and post calving.

3

Introducing Keenan PACE® technology designed to manage both the physical and chemical elements of the production ration, plus financial feedback: all worth an extra 20p/cow/day.

See Keenan's Mech-fiber® feeding technology in action and hear the impact 'physical nutrition' is having upon milk production on their 140 cow dairy enterprise: plus 29p/cow/day!

Light refreshments available on the day;
 for more information please call me on 07721 977709
 I look forward to seeing you on the day.
 Direction map and location details on the reverse.

Yours sincerely,

Michael French
