

Your invitation to see a Keenan® Mixer Wagon & PACE® in action

Come and see the award winning Keenan Mech-fiber mixer wagon and PACE in action. Also hear from EasyFix Cow Comfort Business Manager Ronan Boyle talking about cubical housing and mats. More milk from the same feed this winter - you've nothing to lose, everything to gain!

Venue: Lower Castle Hayes, Needwood, Burton on Trent, Staffordshire DE13 9PH
(By kind permission of Phillip and Mathew Smith & Family)
On: Friday 25th November
Time: 11:00a.m. Finishing approx 1:30p.m.

DISCUSSIONS & DEMO's on the day; delivering more from winter forages

1

Dairy rations balancing this winters forage analyse mixed in the New Mech-fiber® 360; feeding both grass and maize silage plus straw to produce a 'fluffy' an open production ration - small mixes down to 500 Kg.

2

Dry Cow rations mixing a high-fibre low energy ration using straw chopped to the correct length creating 'physical nutrition', to maintain the all important rumen fill for improved cow health pre and post calving.

3

Introducing Keenan PACE® technology designed to manage both the physical and chemical elements of the production ration, plus financial feedback: all worth an extra 20p/cow/day.

K1826

See Keenan's Mech-fiber® feeding technology in action and hear the impact 'physical nutrition' and PACE® is having upon milk production on this 260 cow herd: reducing feed costs by 4p/litre!

Light refreshments available on the day;
for more information please call me on 07787 571527
I look forward to seeing you on the day.
Direction map and location details on the reverse.

Yours sincerely,

Rob Watkins
